Clean Water  
Begins With You  
And Me!

Household  
Hazardous Waste

## It's hazardous, and it's at your house!

- Be responsible with your waste.
- Research your local laws.
- Recognize everyday hazardous products and common household hazardous wastes.
- Use a home pickup service or locate a drop off facility.
- You can also pour the waste in a container and recycle it yourself!
- Use non-hazardous products.

## Did you know?

- When disposed of improperly, household products can contaminate water supplies and damage the environment.
- It's illegal to dump any substance into a storm drain.
- Storm drains are for water only! Runoff does NOT get treated.
- Fats and grease are a major cause of raw sewage backups and overflows.
- Just one quart of oil can ruin 250,000 gallons of drinking water!
